

# Milton Primary Academy

Head Girl

MILTON PRIMARY  
ACADEMY

Welcome to Milton Primary Academy. My name is Aimee, and I have had the honour of being named Head Girl this year at MPA. I am going to share with you about the journey I have had at the school and how much of a positive impact it has had on me.

When I first started at Milton Primary I was very shy, as I hadn't attended playgroup prior to coming to nursery. However, because of the support and encouragement of my early year's teachers, I was able to settle in to my class and grow at my own pace.

This support continued as I moved into key stage 1 and 2, resulting in me being able to set big goals- one of the big 5 values here. Along with being positive, understanding your impact, taking personal responsibility, and bounce-back-ability- I believe all of these values have been key to my journey and the successes that I have had. The values run through the veins of the academy and you can see them in action in every room that you go in. We all believe in the values, pupils and staff.

I wanted to have the responsibility as Head Girl so that I could be a role model for every pupil.

Nursery was where it all began and as I end my journey here at Milton I look back with fond memories.

Thank you for your time.
