

Milton Primary Academy

Deputy Head Girl

MILTON PRIMARY
ACADEMY

Hello, my name is Laila and I am this year's Deputy Head Girl. This evening I will speak to you all about my remarkable adventure at Milton Primary Academy and how it's made me the person I am today. This school has helped me to build up my confidence and to blossom in every way I can.

I was really nervous about my first day at nursery, but as soon as I stepped into the school, I knew this was the place for me. All of the teachers were very friendly and I soon made lots of friends. As the days went by I loved the school so much that when my mum came to pick me up, I didn't want to go home. My favourite memory was during an art lesson. We had to paint pictures of butterflies. The year 6 children came over to our building and helped us paint. When I saw all of the older children, I aspired to be like them.

A few years ago, the big 5 was introduced; this has had a positive impact on the school, making us have big aspirations and the belief that we can achieve them. The big 5 are: Huge goals which means to always set yourself targets and to aim high, choose to be positive means to never give up, understand your impact means to know the awareness of those around you, take personal responsibility means that those around you aren't affected by your behaviour, bounce-back-ability means that however many times you get something wrong, always try again and here at Milton Primary Academy it is a safe place to make mistakes.

I have used the big 5 many times throughout my time at Milton but one of them is where I dreamed of being deputy or head girl and here I am speaking to you. We believe that the big 5 is really important to our school as we think that every child should try their best and never give up.

I have enjoyed my time at Milton Primary Academy and I really hope that you and your child enjoy your time here. I hope this has answered some of your questions that you had about the school. Thank you for listening and I hope you liked it.
